STATE CONVENTION NOTES.

The ladies should be requested to organize committees to decorate the opera-house for the convention.

It is probable the state convention will organize and elect the delegates to Chicago and adjourn, as this will not be the convention for state issues.

And still those open canals across Main and Houston are there. We hope before the state convention meets that covered drains will take their places.

There will be plenty of accommodation for all visitors and delegates to the Democratic state convention. But Fort Worth has no hotel at all suitable to her size and demands.

The day after the convention Capt. Hosack, the veteran auctioneer, will sell some South side lots so that each delegate can buy a lot and in a few weeks sell out for enough profit to pay his expenses here.

The state convention will be the means of bringing a thousand or more visitors to Fort Worth. Each one will spend money. In a financial view it will help our city and is an advertising light the Associated Press dispatches will boom us.

During the convention will be a good time for our citizens to let the state of Texas, through its delegates, know that we are in earnest about the great cattle and wool exposition, or world's fair, and that it will be held at Fort Worth in 1897, and not in 1900, as Bill Sterett has stated.

FATHER:

Loss of sleep sustained in the anxiety spent in nursing the little darling so slowly and pitifully wasting away by the drainage upon its system from the effects of teething, nearly unfits you for business. We suggest that if you will try a bottle of Dr. Biggers' Southern Remedy you will have a panacea for all bowel troubles, and loss of sleep and sickness will be unknown in your house. This, with a bottle of Taylor's Cherokee Remedy of Sweet Gum and Mullein, combining the stimulating expectorant principles of the sweet gum with the healing one of the mullein, for the cure of croup, whooping cough, colds and consumption, presents a little medicine-chest no household should be without for the speedy relief of sudden and dangerous attacks of the lungs and bowels. Ask your druggist for them. Manufactured by Walter A. Taylor, proprietor Taylor's Premium Cologne, Atlanta, Ga.

White Goods.

At no time within the past decade has the popularity of white dress approximated even the present rage, and dealers find it almost impossible to supply the demand. Yesterday Malone, Waller & Co. received their second shipment for this season, and their stock is just simply superb. Embroideries of every description and as fine as was ever offered for sale in the state constitute part of their last shipment, besides some all over embroideries that surpass anything yet seen in the city. Plain and figured laws, white lawn suits with colored embroideries, and other white goods which, taken altogether, make up a collection that is absolutely faultless. Before another day has come and gone examine their stock.

Our secret of the phenomenal success of Turner & McClure is the proverbial courtesy of managers and employees added to the quality of goods carried in stock and the promptness with which orders are filled and delivered. When the efforts of such men are supplemented with the aid of a Lion, a Jewell, a Reeves and a Trimble, there can be but one result. The business has made rapid strides in the past twelve months, and a still brighter future is before it.

CONVENTIONS TO-DAY.

The Places of Meeting in the Different Wards and Precincts.

The Work to Be Done under the Call of Chairman Jennings.

To the Editor of the Gazette.

Please give the times and places of holding the Democratic conventions, with the work to be done. A great many have got the thing mixed up between Fort Worth and Houston, and there are a great many that don't know the difference between a precinct primary and a national convention. The time has come when the people must be aroused, and matters of general interest, but love a patriot, and now, the recognized educator of North, South, West and Southwest Texas is THE GAZETTE, remember the responsibilities, etc. H. B. W.

The call of Chairman Jennings is as follows:

I hereby call a Democratic county convention to meet in the district court room, at the court-house, in the city of Fort Worth at 1 o'clock p. m., Saturday, the 7th day of June, 1894, for the purpose of electing delegates to the state Democratic convention that assembled at Fort Worth on the 11th day of June, 1894, to elect delegates to the Democratic national convention at Chicago, and for the transaction of such other business as may come before it.

The basis of representation shall be one delegate to each twenty-five votes cast for Gov. Ireland at the last state election; provided, that each voting precinct shall have at least one delegate.

The precinct convention shall be held at the voting place of said voting precinct at the last general election for state officers, on Saturday, the 31st day of May, 1894, at 1 o'clock p. m.

H. B. W. Chairman Democratic Executive Committee, Tarrant County.

The authority for the above call is found in the following call of State Chairman Claiborne:

ROOMS EX. COM. TEXAS DEMOCRACY, GALVESTON, APRIL 2, 1894.

DEAR SIR—I herewith present you the rules and regulations adopted by the Democratic executive committee as at Waco on the 27th day of March, A. D. 1894, for the government of the party until they may be abrogated in convention.

You will notify in person or by mail each of the chairmen of the Democratic party of each county in your senatorial district that they are to follow these rules to the letter, serving each with a copy, and direct them that they are to select under these rules delegates to a convention to be held at Fort Worth, Tex., June 11, 1894, to nominate delegates to the national convention to nominate a candidate for the presidency and vice-presidency of the United States, on the 31st day of July next.

Under the apportionment made by the committee, each county will be entitled to one delegate and vote for every three hundred votes cast for Gov. Ireland at the last election, and one delegate and a vote for every fraction of three hundred over one hundred and fifty; provided, every organized county shall be entitled to one vote—and one vote to any unorganized county having a political organization of one hundred and fifty or more Democratic voters. No county will have more seats on the floor of the convention than she has votes; no proxy will be entitled to vote unless the convention of the county for which said proxy proposes to act shall have authorized said proxy in writing.

I will designate Saturday, the 27th day of May, as the time for holding the county conventions, but each county committee can determine its own time, giving at least ten days notice.

JOHN M. CLAIBORNE, Chairman State Democratic Executive Committee.

In order that the county convention may be largely attended and self-elicited a representative opinion, Chairman Jennings fixed the basis of representation at one delegate from each voting precinct for every twenty-five votes cast for Gov. Ireland in 1892. The following table gives the vote designated and the number of delegates to which each precinct will be entitled according to the basis of one delegate for every twenty-five votes:
